100% of all profits will go to benefit Andy Oakes and his Family to help with medical and transportation cost.

This is a fundraiser volleyball tournament to raise money for Andy and Lynne Oakes. Up until a little over a year ago, Andy was the most un-handicapped person you would ever find confined to a wheelchair. Being a paraplegic never kept him from the things he loved. Fishing, hunting, cooking wonderful meals for his family were all his passions. In June of 2018 he acquired a pressure sore that has since eaten away at his independence. He has spent the last year doing everything he could to battle this. Several surgeries, multiple hospital stays, even a stent in a nursing home haven't helped. He has been confined to his bed or undergoing some kind of treatment 24 hours a day. This has all taken a toll on the family and your help is appreciated very much.
